WEDDED.

HOOPES—FOULKE

On Saturday afternoon, October 22, the wedding of Darlington Hoopes and Hannah L. Foulke occurred. The ceremony took place at the home of the bride's mother, Mrs. Joseph T. Foulke, on Forest avenue, Ambler. Kind friends of the bride had tastefully decorated the rooms in which the bride and groom were to be wed. The guests were assembled well in advance of the appointed hour, and at 3:30 o'clock, to the music of a Danish March beautifully played by Miss Dorothy Bartleson, three couples in turn entered the room. Following them came the bride and groom, who took their appointed place facing the guests, and directed in front of a large bank of flowers filling one corner of the room. A few minutes of silence and then, following the simple ceremony of Friends, they turned toward each other and, in turn, pledged to the other a life of love and fidelity. After the signing of the marriage certificate, it was formally read by G. Herbert Jenkins, Esq. During the silence that followed, two prayers were offered that the union thus formed might prove a happy and enduring one. Shortly afterwards the guests were seated in the rooms where the wedding took place. The overseers in charge of the meeting were Walter Jenkins, Esther L. Jenkins, Wm. Potts Jones and Elizabeth Jones.

The bride, who is the daughter of Joseph T. Foulke, whose death occurred three years ago, and Mrs. Laura L. Foulke, is a daughter of the late Mr. Foulke.

Elizabeth Hoopes, living near Norristown, and is a practicing attorney of this county with offices at Norristown.

The married couple, will live in a bungalow adjoining the farm belonging to the groom's parents.

Glenside Wins Over Ambler.

Once more Ambler failed to stop Glenside and win the annual football game. Like previous years it was not long before the great team work of the visitors was in evidence and at the beginning spelled defeat for Ambler.

The contest ended 19 to 0 in favor of Glenside, but each of the three touchdowns came only after a great struggle.

Ambler failed to put up the game that gave them victory in previous contests. Time and again the line failed to hold and the back field on more than one occasion was slow in getting off the plays.

They recorded only four first downs, and at one time when compelled to kick, Gray, Glenside's fast full back, caught the ball and carried it on a dodging run to the end zone.

Ambler team for a touchdown. Despite the fact that the outcome of the game was never in doubt and the local boys realized that they were defeated, they never-the-less put up one of the hardest fought battles ever seen on Ambler field.

Glenside boys were obliged to play their best, and brought into play all that they knew about the game in order to carry home the victory.

The visiting team was made up of former college stars, and in playing gridiron still have the advantage of an experienced coach. The visitors' main play was the new backfield shift, and on almost every occasion it was used big gains were made. Ambler used straight football with a forward pass being thrown in once in a while, but which failed to go through.

In bucking the line the visitors were usually stopped by an Ambler player in his tracks. There was a big crowd on hand who enjoyed the game from start to the finish. Glenside brought down a large number of runners with them and there was much joy in their camp at the final whistle.

Next Saturday Ambler will again be called upon to face another aggregation of football stars when Doylestown comes to Ambler for its annual game.

Coach Curtis will put the local boys through a hard drill during the week and every effort will be made to wipe out Saturday's defeat. The line up of last Saturday's game follows:

SCHOOL BOARD TO GIVE FACTS.

Upper Dublin Electors to Be Informed.

Public Meeting to Be Held in Fort Washington School Auditorium This Friday Evening—All Citizens Invited. In view of the fact that criticism of the school affairs of our district on various matters is emanating from sources which so far have precluded the possibility of its offering any defense or explanation, and believing in the justice and sense of fairness of our citizenship to accord equal opportunity to all, the board will hold a public meeting in the auditorium of the Fort Washington school on Friday, October 28th, at 8 p. m., when occasion will be given to anyone to ask such questions as are pertinent to the conduct of the school affairs of our district. The resolution adopted by the board is as follows:

Whereas, it has come to the attention of the board of directors of Upper Dublin school district that certain statements are being made in "Invitation meetings" that are so distorted that they grossly misrepresent the facts, and

Whereas, these statements are also insidiously circulated throughout our district to the detriment of our schools and the fair name of Upper Dublin, and

Whereas the board nor any of its members have been afforded any opportunity to refute these misstatements, thus placing the board in an unfavorable position throughout the entire school district, therefore, be it

Resolved, that the board hold a public meeting in the auditorium of the Fort Washington school on Friday, October 28th, at 8 p. m., for the purpose of publicly declaring its position on all matters complained of, and be it further,

Resolved, that all citizens of the District be invited through the columns of the "Ambler Gazette" to attend this meeting and to ask such questions as in their opinions require answering or explaining.

It was soon seen that the barn and its contents could not be saved, and all efforts were made to save the two nearby houses and other buildings.

The firemen were handicapped in getting water, but stout hearts and willing hands won the day and the other buildings were saved. Fortunately there were no horses in the stable at the time of the fire, as the barn contained a large quantity of hay and straw, making such a great body of flame that it was impossible to get near it.

Last Spring Madam Kurtz spoke in the Methodist church and stirred the great audience with her thrilling story and the wonderful beauty of her singing, that there were insistent demands for her return. This is an opportunity for the people of Ambler to hear this remarkable woman.

As Armistice day approaches let us get into the spirit of patriotism by hearing Madam Kurtz tell her experience, by song and story with the army in France. All welcome.

MOTOR CARS ON BUTLER AVENUE.

Under the new schedule the last trolley now leaves Norristown for Lansdale at 11:29 p. m., instead of 12:29, as heretofore. The old schedule is in operation on Saturday and Sunday nights, and the last car leaves on the latter hour.

Editor "Ambler Gazette":

As the best means of presenting the evils of the super-abundance of motor cars on Butler avenue, between Main street and Ridge avenue, let me call the attention of our citizens generally to the troublesome aspects of the congestion, for instance, a Saturday morning, when we have the remnants of a public market upon the south side of the street, and a line of automobiles as well, with a similar line of automobiles upon the north side.

When customers wish to stop at the stores, they have to stop their cars, if they are riding in automobiles, perhaps half a block or a block distance from, or better still, that all parking places be prohibited on Butler avenue between Main street and Ridge avenue, and automobiles directed to use the streets running north and southeast of Main street for parking space for motor cars in the future. Pours respectfully,

RICHARD V. MATTISON, M. D.

Quite a large number of the members of the Centre Square Fire company turned out last Saturday and built two dams, one on the Cassel property and the other in J. Irvin Yost's meadow.

There was a good move on the part of our fire fighters who are leaving nothing undone that will afford protection. The new dams will hold considerable water and will be a great protection in case of fire.

FARM TOPICS ARE DISCUSSED.

October Meeting of the Horsham Club.

Questions of Farm Interest Discussed—Use of B. T. B. in Fruit Growing—Legislation to Benefit the Farmer—Other Matters.

The October meeting of the Horsham Farmers' Club assembled at the home of Mr. and Mrs. P. P. Gheen, in Horsham, on Saturday evening.

President Isaac Michener called to order, and the secretary read the minutes of last meeting, which were approved and the prescribed routine followed.

Report of the executive committee: "Give the advantages of fall plowing," Newton E. Wood. "What effect has the prohibition law had upon business, and what effect has it on the drinking man in their rural district?" Harry Worth. What are the present rates of toll on the Panama canal? Explain why the exemption of American coast vessels will become an international issue, and report to date? Howard Halliwell. "Tell the use of poison gas as a plant fertilizer," Vernon Saurman. To talk on current events, Mrs. Frank Carrell and Mrs. Russell Twining. Place and time of next meeting, the home of Frank B. Carrell, Saturday, Nov. 15.

Answering of questions: "Is it possible for any farmer in Horsham township to provide for the needs of his family, and make 5 per cent on money invested at the present prices of labor, etc?"

Mrs. Frank Oehle, Jr., deprecates the giving of this question to one whose farming experience has been limited to seven years and whose family is so small. He was glad the question read as it did for anything is possible to anyone who makes up his mind to it. His own desire is to raise all he can, to sell all he can to save all he can.

What materials are best for a satisfactory and economical roofing? Russell Twining replied he had no experience with any but slate and shingles. There are other things, some with rather fancy names, but he knows nothing to tell about them. A builder had told him the most permanent roof is one made from Spanish tiling, but it is expensive and so heavy that an ordinary building frame cannot support it.

Ezra Carrell told that the borough council has passed a rule that no new house should have a roof except those approved by the fire insurance underwriters. Mr. Kinsey said he had seen a roof of red cedar shingles that had braved the storms and sun of 125 years and was in perfect condition. Several others gave an opinion on this subject.

"When and where did brown corn originate; is it a paying crop, and where is it principally grown?" Miss Goentner said its earliest history is not authentic. It is a species of sorgho and has been cultivated in Italy for 250 years.

Is para-dichloro-benzene valuable to destroy the peach tree borer? where do you get it, what is its cost, and when should it be applied? John Park recently attended a demonstration of this drug. Do not use it on trees under three years old. The method of procedure is to clear the debris and loose earth fifteen inches from the trunk, leaving one inch around the tree, sprinkle the ground, then cover to the depth of five inches. Leave for a week then clear away to normal. His own opinion is that this process is not as easy as the old one of going after the worms with a knife, but he had tried it on a clump of trees and they looked well.

In answer to a question, he said the beetle lays her eggs in the spring and they hatch in the early summer. August and September are good months to ease the B. T. B. because they are apt to be warm and dry. Benjamin Park says this substance is a gas, heavier than air and must be kept tightly canned or there will be danger of losing it.

Current events. Mrs. Davis W. Still said she had been interested in the letters sent to the Public Ledger in answer to the question, "What famous woman would you rather be?" She would rather be Madame Curie because she discovered radium and that may relieve humanity from a dire disease. Those who work with radium are benefited as well as those who use it as a treatment. "How shall I clean house?" a young woman asked an older who told her her own method in reply. I work only half a day at a time. Then I have a good meal and either lie down or drive out. I never work in the afternoon. I give away every year all articles of dress of furnishing I do not actually need, so I have no stored things to sort over and keep from moths.

Mrs. William Penrose said congress has passed a number of bills for the benefit of the farmer. They are the emergency tariff act, the Packers act, the futures act, the farm credits amended the farm loan act and the good roads amendment. She defined each carefully and very clearly Mr. Michener spoke of the ceremony of dedicating the concrete gateway that has been erected between the U. S. and Canada. He felt it very impressive that for so many years this line has existed depended by foot or by bristling cannon.

Miss Sara Mullin read "Ma in the Automobile," by Edgar Guest.

Report of the Crop Committee. Newton E. Wood said that prices are the most important thing now that crops are about harvested. They are surely if slowly sinking. Hay and straw are about the same. Potatoes proved a better crop than was anticipated. Many of the fruit trees that failed to mature a crop the past season are now bursting into bloom. There is a reasonable fear that this may affect their blossoming next spring.

Frank Carrell agreed with what Mr. Wood had said and added he had been hampered by lack of moisture during seeding.

H. W. Halliwell predicts a higher price for potatoes as the season advances. We hear about the unemployed, we don't see them and the Philadelphia markets are well stocked and sold out at good prices.

Ezra Carrell gave to the laws making and establishing problem all the credit for the good markets. The money spent there for food was largely wasted for drink under former conditions.

The editor, Miss Marguerite Halliwell, read an unusually excellent number of the Club Gazette. A deferred question with regard to the Farm Loan act was answered by Clarence Mullin, who told of its inception where the loan banks were situated and what a farmer should do to obtain the needed aid. Discussion on the annual meeting in January came up at this time. The President will appoint the com-

mittee and announce the names at the November meeting. On motion the club voted to join "The Neighbors" in a community meeting as has been the custom of late years. Mr. and Mrs. Herbert Hollingsworth Johnson were elected members of the club.

WYNDMOOR.

E. T. Stotesbury has bought the Campbell and Earnest properties.

Robert Maust has been on the sick list the past week suffering from a severe cold.

Miss Lois Fralick gave an enjoyable masquerade social last Friday evening to a number of her friends.

Nicholas Adams, local contractor, has about completed the repairs and repainting of the roof of the property of Oliver Campbell.

E. T. Stotesbury is having several artesian wells drilled on his property. Some of the wells had to be drilled several hundred feet before water was reached.

Mr. and Mrs. Thomas Adams are receiving congratulations of their many friends over the appearance of a daughter in their home. Both mother and child are doing well.

The Wyndmoor Hose company was called into service last Saturday when a dwelling caught fire near Gravers road. The entire lower floor was gutted. Two fire companies from Philadelphia were also in service.

One of the local taxi cars collided with another machine on Willow Grove avenue Saturday and both were badly damaged. However, none of the occupants was injured. The accident might have resulted seriously only for the quick action of Harry Thompson who was following in his car. Mr. Thompson, seeing the machines were going to collide, quickly turned into a field, thereby avoiding another collision.

Quite a number of our young people will attend a masquerade to be given Friday evening by Miss Frances Fisher at her home in Flourtown. Miss Fisher was formerly a resident of Wyndmoor.

Frank P. Myers, who has been ill for some time and confined in the Chestnut Hill hospital, has sufficiently recovered to leave the hospital and return to his home and is now able to be out doors for a short time each day.

Joseph, son of Mr. and Mrs. Martin Santman met with a painful accident one day last week while at play and for a time it was feared that the boy would lose the sight of one eye. It appears that another boy threw a stone that struck his glasses and a piece cut the ball near the sight.

Enjoyable evenings are the dances being given in the hall at the church of the Seven Dolor. The dance Wednesday evening was a masquerade and there were many comical and unique costumes. Three prizes were awarded as follows: Best dressed couple, Miss Anna O'Brien and Alfred Newsum, season ticket to the dances; comical dress, Joseph Magarity, box of candy; most original impersonation, Mrs. Dickinson, who appeared as a colored bride, Kewpie Doll. Joseph Malon, who also impersonated a tramp with Joseph Magarity, met with a painful accident when he fell. His hand was badly lacerated and he was taken to the Chestnut Hill hospital for treatment. Later Mr. Malone returned and together with Mr. Magarity gave an enjoyable sketch entitled, "The Gentleman and the Jew." Despite this injury, Mr. Malone was able to go through with the sketch, but directly afterwards he was obliged to seek the attention of his physician, and two stitches were necessary to close the wound. The program for next Wednesday evening will be a "Back" dance. Prizes will be awarded.

John Martin is still confined in the Chestnut Hill hospital, but at this writing is reported to be improving.

The Zion Brotherhood members covered themselves with glory last Thursday evening, when they rendered a very enjoyable program before a large and appreciative audience in the I. O. O. F. hall, Flourtown. An organ selection by Norman Berger, opened the program, followed by a solo by Harold Rickard and a reading by Mrs. Charles J. Marsh. A mock trial, "Jones vs. Jinks," was very creditably given by the members. The program was closed by an organ selection by Mr. Berger.

Services will be held in Springfield Presbyterian church as usual. Prayer meeting this Wednesday evening.

The postoffice at Enfield was robbed one night last week.

The remains of Minnie, wife of Nicholas Manns, were interred last Friday in Holy Sepulchre cemetery. The deceased was 59 years of age and died October 19.

An enjoyable event here Monday evening was the Halloween sociable given by the members of the Christian Endeavor society of Springfield Presbyterian church.

Earnest Hemming gave an interesting talk last Thursday evening to the members of Erdenheim-Flourtown Civic association on the trees along the pike. During his talk Mr. Hemming referred to a white oak tree on the Comly property, situated along East Mill road. Mr. Hemming said the tree is several hundred years old, and

it is the finest specimen seen in these parts.

Mrs. N. S. Nelson, of Columbia, who has been quite ill here at the home of her sister, Mrs. William Gerstlaue, is recovering and expects to return to her home some time this week.

The Ladies' Auxiliary of the Flourtown Fire company will give a masquerade dance Saturday evening in Wissahickon hall, Fort Washington. Prizes will be awarded for the most original, comical and handsomest costumes. A prize will also be given for an elimination dance. Cards of admission, 50 cents. Ice cream on sale.

The reception given by The Home and School League to the teachers of our borough schools on Monday evening in the Mattison square school was a very enjoyable affair. The entire faculty (with the exception of two teachers who live out of town), some of our directors and many of the parents were present. The president of the League, Mr. Lauer, gave the address of welcome, which was preceded by a piano solo by Miss Marie Brenninger, Rev. R. L. Mayberry then gave a very interesting talk on "The Educator," dwelling upon the thought that we, as parents, are just as responsible for the education of our children as the teachers themselves. Following Mr. Mayberry's address, remarks were made by Mr. Fisher and Mr. Karchner. Miss Brenninger rendered another piano solo, which was greatly enjoyed by all. Next on the program were the refreshments, which, of course, is always a very important factor at any social gathering. Miss Brenninger again favored with a piano solo after which there were some selections rendered on the victrola. After an intermingling of parents and teachers and a general good time the guests departed expressing their thanks to the committee for having spent such a pleasant evening. The regular meeting of The Home and School League will be held Thursday, Nov. 10. Everyone is urged to attend.

to state that the land is private prop-
erty and that trespassing thereon is
prohibited, and in addition the act of
assembly must be stated at the foot
of the card. Property owners have
desire to proceed legally against tres-
passers must comply with this law
themselves with regard to the nature
of the notice posted on their property,
else legal action will fall, no matter
how flagrant the violation. If you
desire to close your land, secure these
"Gazette" office notices and post them
"prominently," as required by the law.

At a recent meeting of the Ambler
Athletic association, attended by the
officials: President, Joseph A. Buchan-
an; vice president, Rev. Ralph L. May-
berry; treasurer, M. T. Rhoads; secre-
tary, William Laughman, and manager,
Howard S. Amey, the following bills
were ordered paid in part: Arbuckle-
Gordon company, \$20; "Ambler Ga-
zette," \$25; Carl Bishop, \$6; J. W.
Craft and Sons, \$35; William A. Clarke,
\$7; G. M. Deck and Co., \$28; John
Fluck, \$6; Joseph Johnson, \$10; H. B.
Niblock, \$4.55; R. C. Robinson, \$2.70;
total \$144.25. Secretary Laughman al-
so reported that the association's gross
receipts from the Doylestown-Lans-
dale game played at Ambler were
\$265.80, of this amount \$118.61 was paid
out for expenses, leaving a balance of
\$147.19, which amount was used in
the payment of the above bills, is still
estimated that the club is still in debt
to an amount said to be between \$300
and \$400. However, the proceeds
from the moving picture benefit have
reduced the debt, and it is now planned
to give a minstrel show in the second
or third week in December. The
officials also state that later a full and
complete statement of all movies re-
ceived and expended will be prepared.
Irvin W. Sleath has been performing
the assessing duties in the First ward
for Harry Stackhouse, who has been
ill.

According to a statement by the "In-
sider" the Lansdale Republican and
North Penn Review of its issue of Oct.
14, published the following: Howard
Amey, pilot of the Ambler tail-enders,
had this to say the other day: "We
played through the most disastrous
season ever recorded by an Ambler
team. Next spring we will seek to get
the jump right at the start and keep
going. I will say that the 1922 Ambler
team won't be a tail-end outfit." In ad-
dition the "insider" has this to say
about local baseball matters: "Word
from Shingletown is to the effect that
the backers of the club will announce
right off a campaign to give Ambler a
real club. During the winter affairs
will be held to raise funds that will en-
able Ambler to go out and get 'em. The
above is all news to a large number
of the followers of the local team, who
have been inquiring since the season
closed just what will Ambler do next
year and if preparation will be started
early to get a team together. The "In-
sider" has given the home fans news.
It is a known fact that there is quite
a debt against the Ambler team and
before next season's affairs can be
talked about this indebtedness which is
estimated to be between \$300 and \$500,
must be wiped out. It has been sug-
gested that the officers of the club
call a meeting to which may be in-
vited the businessmen of the borough
together with the fans of Ambler and
vicinity, who are interested in Ambler
getting in the front ranks again, but
up to this time no effort has been made
public to take any action on the above
suggestion. If the present officials are
to remain at the head of the club then
let all interested get back of them so
that Ambler may have a good club next
season. It is also pointed out to the
officials of the club that they must
take the supporters into their confi-
dence and furnish a report such as
been given each year of the receipts
and expenses. If this is done and the
people are taken into the confidence of
the officials it will place the situation
squarely before the public and inspire
confidence. In his article also the "in-
sider" states there is likely to be a
change in the make-up of the league
next season. From his information
it is gathered that Doylestown will no
longer be a member and will go into a
league which is being organized in
Bucks county. In addition Chestnut
Hill, he said will be among the absent-
tees. This will leave Lansdale, Soud-
erton, Conshohocken and Ambler of
the old clubs remaining. Other infor-
mation handed out is to the effect that
the following clubs will become mem-
bers of the league thereby making it
an eight-club affair: Perkasie, Quaker-
town, Sellersville and Springfield, and
if this is not enough there is Pottstown
and Phoenixville knocking for admis-
sion, and another rumor is that several
New Jersey clubs will be included in
the league. Time alone will tell if the
"insider" has doped out things right. It

will be safe wager that when the bel-
lings to start the 1922 race the league
will be made up very nearly of the
same teams, because the only weakness
is seen in Chestnut Hill and there may
possibly be another club to take the
Hill's place. However, Manager
Rex informed the writer that prepara-
tions will soon be made to place a
strong team in the field next year that
will put that section on the baseball
map. Manager Rex said he will profit
by experience during the season just
closed. "Our team cost us over
\$2100 and we had very little to show
for such a great outlay. However,
we are going to profit by our experience
and give the loyal fans of our club a
team that will be up there fighting for
the lead until the finish." It is to be
hoped that the same teams will be
found in the league next year, as it
will mean greater interest than if other
clubs should come in, and besides
the expense of traveling to these places
mentioned should be taken into con-
sideration.

NORTH WALES.

Times, and his wife were the guests of
his son George and family.

Miss Aggie Kern after spending a
week at Bethlehem visiting a sister's
family, has returned.
Mrs. Eliza Weber one of the resi-
dents of our town who resided here
with her parents, Mr. and Mrs. Jacob
Shearer, at the Shearer homestead

street and Pennsylvania avenue died
on Saturday, Oct. 15, of old age. She
was an aunt to the Shearers of our
town.

George Kneule has started his new
bakery on Walnut street.

George Pritchard has reopened his
restaurant.

Charles Wertz and wife, of North
Philadelphia, were recent guests of J.
A. Gerhart and family.

A dramatic entertainment was given
in Amusement Hall on Oct. 17, for
the benefit of Donald McLeod post,
American Legion.

The wedding invitations for Volan-
the Lewis, the hardware merchant,
to Clara Keyser have been issued. The
room is building a fine home on South
Main street where the couple will re-
side after a short trip.

Irvin Weikle, Wilkes-Barre, has taken
up his residence with his sister.

Grover C. Lewis has rented out this
bungalow home on Shearer avenue and
will spend the winter with his family
in Florida, where he has some business
connections.

Wm. D. Lukens has erected a garage
and carpenter shop in the rear of his
Walnut street home.

William Weikle has rented rooms in
the Reed apartments on Main street.

The Lehigh Valley Transit Co., has
completed two blocks of its permanent
right of way on Main street.

The Hunting Season.

Regardless of the fact that a great
deal of publicity has been given to
changes in the game laws during the
last six months, I hope you will publish
this letter as a warning to all sports-
men that no seasons for game of any
kind open on October 20th as hereto-
fore. Instead, the season for rabbits,
squirrels, wild turkeys, ruffed grouse,
ring-neck pheasants, quail, etc., opens
on Tuesday, November 1st. The
season for bears and the balance of
fur-bearing animals (raccoon season
opened October 1st) will also open
November 1st.

On the back of every hunter's license
is a complete summary of the new sea-
sons, bag limits, etc., and every licensee
should carefully read both sides of his
license before going hunting.

As the law now stands, it is ab-
solutely necessary for every licensed
sportsman to carry his license on his
person and to display his license tag
on the outer garment on the middle
of the back at all times while hunting.
Sportsmen must not forget to coun-
tersign their license as it is not valid
until signed. The penalty for failure
to carry the license or display the
tag is \$20.00.

The game commission by a recent
act of assembly is given the power to
revoke hunters' licenses for periods
one to five years and violations
of the game laws, carelessness with
firearms, destroying personal prop-
erty on lands on which licenses are
hunting, etc. All true sportsmen are
requested to see to it that the game
laws are obeyed at all times and that
hunters appreciate the fact that the
land owners of the State are their
hosts and govern themselves accord-
ingly.

Shooting a person in mistake for
game while hunting is now punishable
by fines from \$100 to \$1000 and impris-
onment from 1 year to 5 years, also re-
fusal to grant a license for 2 years to

10 years.
Shooting with bullets in the hunting
territory during the upland game sea-
son, except at legal birds or animals
or targets protected by a natural or
an artificial barrier so that the bullet
can not go more than 15 yards beyond
the target aimed at, is punishable by
a fine of \$25 for each shot fired.

Persons hunting together for large
game must keep a roster of the camp
or hunting party on which the name,
address and license number of each
member of the party is given. Large
game killed must also be tagged within
6 hours after killing, with the name,
address and license number of the
party killing same and location where
same was killed.

This distribution of the pamphlet
containing the game, fire and forest
laws cannot be made until about Nov-
ember 1st because of the printer's
strike last summer, which delayed all
state printing. With the splendid as-
sistance of the newspapers of the state,
we have been able to largely overcome
this serious handicap, and the people
of the State are quite thoroughly fa-
miliar with the changes of the law of
which the above are the most impor-
tant.

Voters to Decide Hospital.

Formal announcement has been
made that the voters of Montgomery
county will have an opportunity at the
November election to determine wheth-
er this county shall have a tuberculo-
sis hospital.

President of the County Commis-
sioners Roy A. Hatfield, speaking for
that official body, stated that upon the
ballot will appear a box which will ac-
cord the voters the privilege of voting
"yes" or "no" on proposal.

Appointment is Made Permanent.

Judge Swartz, has handed down an
order making permanent the appoint-
ment, as temporary receivers of the
Valley Forge Magnesia Company, of
George Flint and Wilford S. Griffiths.

They are directed to enter bond in
the sum of \$25,000 and are authorized to
continue the business for the period of
three months from the date of their
qualification; they are authorized to
purchase supplies, employ labor and
borrow money, not exceeding \$5000
above the \$2500 already borrowed with
leave to apply for a continuance of
such order for other fixed periods.

The receivers are directed, within
thirty days to make report to court of
the character and extent of the prop-
erty, the interests in it and known
claims against it tax income and pro-
ducing capacity and the best method
of realizing its value for the benefit
of those interested.

Warren B. Thompson and Frank R.
Heavner are appointed appraisers to
ascertain the assets of the corporation.

—Everett Green, of Green Hill,
leaves his corn crib in such a condition
that two squirrels can get all the corn
they wish during the winter months.

JENKINTOWN.

Miss Clarissa Bedford, of Hudson, N. Y., has been visiting at the home of Mrs. Clifford Bonville, of York road. Mr. and Mrs. D. E. Lit, who have been spending the summer at Ogunquit, Maine, have returned to their home on Greenwood avenue.

Mrs. Keitsch, of Spring avenue, Noble, celebrated her 90th birthday on Oct. 9. About forty guests attended a reception held in her honor.

Charles S. Butler, of the Jenkintown Buick company, has made a fifty-four foot extension at the rear of his display room on York road.

More than 400 pieces of wearing apparel and useful articles, filling six large boxes were sent by the local Baptist church to New York to help fill a ship which the Baptists of the north sent to the suffering people in middle Europe.

Mr. and Mrs. Joseph Dickson Edison have returned from their honeymoon spent at Hot Springs, Va., and are occupying their home on Wissahickon avenue, Germantown.

Mr. and Mrs. James Colladay have returned to their Walnut street home after having spent the summer months at Ocean City.

Grip.

Grip usually starts just the same as a cold with a watery discharge from the nose. You are much more likely to contract the grip when you have a cold. For that reason when grip is prevalent you should go to bed as soon as you feel that your are taking cold and stay in bed until fully recovered which should not be long if you take Chamberlain's Cough Remedy. Three days in bed now is better than three weeks later on.

Jenkintown Legion to Have Quarters.

Arrangements have been completed for an additional donation to the American Legion in Jenkintown, through the offer of Morris Goldberg of the two-story building on York road near West avenue, the first floor of which was recently occupied by Rothwell's drug store and the second floor of which was known as Smith's hall.

The offer of this building by Mr. Goldberg, for a nominal sum, makes possible the use of the lots, one of which was donated by the late Charles E. Schwartz, on West avenue near the same location.

Got Her Good Health Out of a Bottle.

Mrs. Edward Raifsnider Wabash, Ind., says that she owes her good health to Chamberlain's Tablets. She suffered from distress after eating and constipation and was completely cured by the use of these tablets.

Improve Your Digestion.

If you have weak digestion eat sparingly of meats let at least five hours elapse between meals eat nothing between meals. Drink an abundance of water. Take one of Chamberlain's Tablets immediately after supper. Do this and you will improve your digestion.

Quakertown Pays Current Bills.
Quakertown borough council at its last meeting paid off every dollar of current indebtedness and had upwards of \$35,000 left in the treasury. All temporary loans have also been paid. In the matter of finances the present council has done remarkably well, considering with what handicaps it started nearly two years ago.

The heaviest items of expense were for stone and oil for the streets, but it was warranted, as there is now cause for just pride in the borough's streets, especially West Broad, which was in an execrable condition for several years due to frequent digging up for repairs by the transit company, pipes by the water company, gas connections by the gas company, and cellar drains by the borough.

Financial Loss Due to Colds.

It is estimated that the average man loses three days time each year from inability to work on account of having a cold. Much of this loss can be avoided by treating every cold as soon as the first symptoms of the disease appear. Chamberlain's Cough Remedy has won a wide reputation and immense sale by its cures of this disease. Try it. You are certain to be pleased with its pleasant taste and the prompt relief which it affords.

For a Greater Lansdale.

Lansdale manufacturers, 24 of them, entertained members of the Lansdale borough council and other borough officials and newspapermen at dinner at the Fountain house recently. At this banquet the Lansdale manufacturers signed a petition favoring the annexation of the Lansdale factory districts and other township land, to the borough. This assures the necessary 51 per cent. to make this annexation official. With the additional territory, Lansdale will have a population of nearly 8500.

War Memorial in Place By Nov. 11.
Gordon Smythe, chairman of the West Conshohocken Memorial Association, announced this morning that the monument to be erected to the memory of the soldiers, sailors and marines from the west borough who served in the world war will be erected by November 11. However it will not be dedicated on that day, and it has been decided by the association to hold memorial exercises some time after the monument is completed. The chairman stated that the tablet, on which the ex-service men's names will be inscribed, will not be on the shaft by Nov. 11, as it is the intention of the association to secure Governor Sprout to be the leading speaker at the dedication.

Mr. Smythe is chairman of the historic committee which will arrange for the floats for the parade at the dedication of the new bridge.

Glee Club Elects Officers—Auto Accident Develops Legal Technicalities Cyclists Pass Through Village—Hoopston Working.

Edwin F. Roberts has installed a new boiler to operate his drilling machines at the stone quarry.

Joseph Wilson has been obliged to kill his dog, which was struck by an automobile on Wednesday of last week.

Mrs. Joseph Fehrer recently visited her son Charles in Patterson, N. J. On Sunday 18 bicyclists passed over the concrete turnpike to Wm. Penn Inn. The gentlemen were evidently members of an organization.

Miss Caroline Sinkler has returned from Europe and is occupying her home at this place.

Miss Dorothy Moll, who has been ill for four weeks, has now recovered and the quarantine sign has been removed from the premises.

Mr. and Mrs. Joseph Carey and son John, of Mt. Airy, and Lieutenant and Mrs. and Mrs. McCoy and son of Virginia, visited Mr. and Mrs. James Lee at this place.

There is considerable complaint regarding gross violation of some drivers of automobiles, who are now making a practice of not turning for the person afoot, but compelling them to get off the cement road on to the dirt. Besides this, some are disregarding the law of passing standing trolley cars.

Russell Riley has finished repainting Mrs. Amanda Carn's property.

Arbuckle-Gordon company has shipped several car loads of coal dirt, screened from the coal, to a Philadelphia party. The same company is furnishing the lumber of the houses being erected at Ambler by Joseph H. Fretz.

Walter Craig is having his store and dwelling repainted. Some of the employees of Hoopston mills are doing the work.

Progress is being made by Contractor General Dixon, of Ambler, in building the concrete protection wall on George Wallace's property on the Morris road. There is also considerable grading being done on the same place.

Robert Yarnall, Jr., who has been laid up with a severe attack of rheumatism, has sufficiently recovered to be about again.

A number of the local baseball fans attended the annual banquet of the Montgomery County league at the Hotel Walton last Thursday evening.

The outcome of the accident that occurred at the intersection of Montgomery avenue and the Bethlehem pike Saturday October 15, has resulted in prosecution. Arthur Vetter, who was in the car that was wrecked and who was painfully injured, caused a warrant to be sworn out before Justice of the Peace Urban at Ambler the following Monday, and on Tuesday Officer of Police Richard S. Ford arrested

Gustave Engel at his home in South Philadelphia. Engel testified before the above justice that he had sold a Dodge roadster last May and he was unable to get back his tags from the party, who had sold the car for him. At this stage the case became a complicated one, although Engel was allowed to go only after he had given his new Ford car for security for his appearance when wanted. Engel then had a warrant issued for the arrest of R. T. Sward, as the person who had taken away his tags and who was believed to have been the one who operated the Dodge car on Mr. Engel's license. However, at a hearing Saturday morning Sward was able to show that he had delivered the Dodge car to the Auto Surety company at 12th and Vine streets and had left the tags in the charge of some one at the office of the company and upon going there for them some time afterwards had learned that the tags had been stolen. The case was again continued to give the police a chance to locate the party driving the Dodge car that caused the accident. In the mean time Engel's car will be held until the case is settled. The latter, no matter how the case goes, will be obliged to face a charge of having let the tags get out of his possession. The operator of the Dodge car is considered among those who will always try to get away after causing an accident. On this occasion the driver of the car was prevented from making his escape by the driver of another machine who ran his car across the pike in such a manner as to block the other party and then followed it up by compelling him to take Mr. Vetter to the office of Dr. Craig. The number of the license tags on the Dodge car was then taken, and it was believed by doing this that the man could be apprehended when wanted, but it appears now that the safest plan would have been to arrest the fellow right there, as there was sufficient evidence to hold him. It is said of him that he was running the car at a terrific rate of speed when the accident took place.
